Castello Lagravinese Studio

Gossip armchair – Coffe tables: Island - Jimmy 3 - Phil - Frisco

Alessandro Castello and Maria Antonietta Lagravinese met in one of the most important studies of design and architecture in Milan, where they matured and broadened their experience in product, graphic, set and interior design. In 2008 they created the brand ONLYMITED featuring a collection of limited edition pieces inspired by the world of fashion. In addition to being artistic directors for ONLYMITED they collaborated as designers with important companies in the world of contemporary and classic furniture. In 2014, in collaboration with Alberta, they designed the Controluca collection, an exquisitely tailored collection, with finishes and details inspired by the world of fashion, always the undisputed testimony of Italian style around the world, and Black collection, a selection of exclusive products that "design" the interiors with all their personality and a touch of irony.
